E. Engin. Wahrd

FOUNDRY TRADE JOURNAL
Established 1902

East Engin. Library

TS 200 .F82

Index to Volume 96

January to June, 1954

A

Accident, Moulding-pit, 102
Accident Reduction, 601
Accident Sequel at Carntyne Steel Foundry, 726
Accident, Unusual, 538
Acknowledgments, 4
Al-fin Process, 269
Allied Ironfounders' Golf Meeting, 630
Alloy Conservation in Stainless Steel, 218
Aluminium Research Scholarship, 665
Aluminium *v* Steel, 418
Aluminium Development Association's Officers, 616
Aluminium Pattern Equipment, Pressure-cast (discussion), 159
Ambassador's Visit to Sheffield Steelworks, 292
American Foundrymen's Society, Annual Meeting Papers, 338, 575
Annual Report, Institute of British Foundrymen, 729
Appleby-Frodingham Ironworks Extensions, 282
Apprentice Scheme, New, 361
Approach to Foundry Mechanical Handling, 203, 241
Aske's, Wm., Golden Jubilee, 45
Association of Bronze and Brass Founders, General and Annual Meetings, 593
Austria's Foundry Industry, 397
Award Scheme Extended, 665
Awards for Ideas, 520

B

Baghdad Fair, 487
Balanced Production of Malleable, 437
Basis for Policy, 435
Belgian Foundrymen's Association, 52
Bell Founding, 177
Better Communications Needed by South Wales, 353
Beyer Peacock Centenary, 248
Birmid Development Plans, 282
Birmingham Exchange and Engineering Centre, 728
Birmingham University Plans, 602
Birthday Honours, 700
Blast Furnaces in the December Quarter, 1953, 192; March Quarter, 1954, 620
Blowing Our Own Trumpet, 674

Book Reviews:—
Basic Engineering Metallurgy, 310
Breve Storia del Fonderia (Short History of the Foundry), 310
B.C.I.R.A., Journal of Research and Development, vol. 5, No. 4, 310
Control of Quality in the Production of Wrought Non-ferrous Metals and Alloys, I—Control of Quality in Melting and Casting, 25
Densening and Chilling in Foundry Work, 337
Factory Health, Safety and Welfare Encyclopædia, 498
Fehlererscheinungen an Gusstücken (Occurrence of Defects in Castings), 25
Geschichte des Eisens (History of the Iron and Steel Industry), 3rd Edition, 337
Guide Practique du Tracé des Pièces en Acier Moulé (Practical Guide to the Designing of Steel Castings), 2nd Edition, 25
Industry and Science, 666
Kempe's Engineer's Year Book, 1954, 498
Legierungs-Handbuch der Nichteisen Metalle (Alloys Handbook of Non-ferrous Metals), 666
Manufacture of Iron and Steel, 25
Metallurgical Analysis, 666
Metallurgy of the Rarer Metals, I: Chromium II Zirconium, 498
Non-ferrous Foundry Metallurgy, 310
Bradley & Foster Golf Meeting, 630
Brazilian Import Changes, 514
Bringing in the Outsider, 1
British Blast Furnaces in the December Quarter, 1953, 192; in the March Quarter, 620
British Cast Iron Research Association, Continental Visit, 675
British Chemical Standards, 618
British Industries Fair, Briefs, 396, 497; Reports, 532, 560
British Iron and Steel Research Association, 82; Staff Changes, 353; Report for 1953, 672
British Non-Ferrous Metals Research Association, Annual Report, 502
British Relations with European Community, 240, 591
British S.-g. Iron Producers' Association, 600
British Standards Institution, 358, 450
Bronze and Brass Founders'
Advisory Service, 75, 453
Inspection Code, 674
Brussels B.I.R. Congress, 169
Budget and Finance Bill, 1954, 585
Bureau International de la Récupération Congress in Amsterdam, 605
Businessmen Behind the "Curtain," 122

C

Carntyne Steel Foundry Accident Sequel, 726
Cast Iron, Nodular, 577, 607, 645 (Correspondence, 656, 710)
Casting Problems and Engineering Research Methods, 711
Castings, Shell Moulding of Cylinder, 13
Catalogues, New:—103, 217, 296, 530
Census of Production, 1954, 313
Centenary of George Eastman, 661
Centrifugal Casting on the Continent, 359
Centrifugal Casting Mishap, 656
Ceramic Coatings, Selecting, 131
Chemical Industry and the B.I.F., 350
Churchill Gold Medallist, 475
Closing of Newmains Foundry, 109
Clyde Shipbuilding, 726

Coal Utilisation Council Luncheon, 298
Coal Utilisation Council/Combustion Engineering Association Conference, 309
Coke for Western Australia, 213
Colombo Plan Advisers Appointed, 109
Colonial Expansion Importance, 637
Conference for Small Firms, 313
Congratulations!, 375
Control in an Investment Foundry, 37, 77
Convention Papers (A.F.S.), 575
Core-bonding with Synthetic Resins, 521
Coreboxes and Patterns, Marking-out, 398
Cornish Cream and Pasties, 220

Correspondence:—
Case of the Disappearing Chill, 176
Degassing of Aluminium Alloys, 12
Drying of Pattern Plaster, 232
Elements of Foundry Costing, Parts II and III, 148
Foundry Industry in 1953, 468
Fuel Efficiency, 602
Historical Information Sought, 36
John Wilkinson, 118
Melting Borings in the Electric Furnace, 329
Nodular Cast Iron, 656, 710
Scottish Conference Fund, 292
Structure of Graphite Spherulites, 202, 436, 602
Corrosion Protection, 129
Cost Factors in Electric-furnace Operation, 293
Council of Ironfoundry Associations, Safety Conference, 164, 271; Staff Changes, 350; Annual Report for 1953, 561
Courses in Foremanship, 584
Coventry and District Master Patternmakers' Association, 744
Cupola Practice, Hot-blast, 362
Cupola Slag Wool, 453
Cylinder Castings, Shell Moulding of, 13

D

"D" Process—Some American Developments, 726
Decomposition of Cementite in Cast Iron, 499
Development of Austria's Foundry Industry, 397
Development of the Foundry Industry during the Past Fifty Years, 399
Developments in Textile Foundries—Discussion, 211
Developments in Vitreous Enamelling on Steel in the United States, 19
Die-casters', Zinc-alloy, Association, 722
Die-castings, Zinc-alloy, Certification Scheme, 210
Dinners:—
Aga Heat Limited, 264
Alar Limited, 378
Foundry Coke Merchants' Association, 228
I.B.F. Golden Jubilee, 436
Institute of Metals, 520
Iron and Steel Institute, 630
Worshipful Company of Founders, 148
Disappearing-filament Optical Pyrometers, 309
Disappearing Chill, 176
Dorman Long's Peak Ingot Output, 45
Drying of Pattern Plaster, 232
Dust Control at Portable Abrasive Wheels, 537
Dust Control on Swing-frame Grinders, 281

E

East Anglian Founders instal Enamelling Plant, 135
Eastman, George, Centenary, 661
Electric Furnace Company Board Changes, 436
Electric-furnace Operation and Cost Factors, 293
Elongation Calculator by Stewarts and Lloyds, 158
Employers' Wage Offer Accepted, 476
Enamel, One-coat White, 535
Enamel Milling, 639
Enamelling Plant, East Anglian Founders Instal, 135
Engineering Castings, Production in Quantity, 148, 183
Engineering Centre in Birmingham, 728
Engineering Research Methods and Casting Problems, 711
Engineers' Wages Inquiry, 139
English Electric's Reduced Export Orders, 335

Equipment, New:—
"Adjusticon" V-belt and Fastener, 356
"Anson" Shell-moulding Machine, 448
Briquetting Press for Swarf Recovery, 355
Constant Weight Feeder, 75
Conveyor-belt Guide Unit, 449
Crack-detector, 667
Dynamatic Coupling, 592
Electric Oven, 667
Fettling-shop Grinder, 90
Floor-sand Preparation Machine, 75
Fordath Shell-moulding Machine, 311
General-purpose Jack, 592
Magnetic Lifting Devices, 330
Mechanical Loader, 330
Rotary-blast Wheelabrator Plant, 531
Self-cleaning Air Filter, 330
Shelmolda Duplus, 330
Straddle Carrier Truck, 667
Estimation and Influence of the Gaseous Elements in Cast Iron, 233, 275, 303
European Coal and Steel Community, New Price Rules, 221
European Community and British Relations, 240, 591
European Steel Export Prices, 156
Eutectic Solidification in Grey, White and Mottled Hypo-eutectic Cast Irons, 500
Export of Large Forging Press, 520
Exports to U.S.S.R., 570
Exports Discussed at Cutlers' Feast, 529
Exports and Imports of Iron and Steel in November, 58; December, 173; January, 288; February, 432; March, 572; April, 680

F

Factory Equipment Exhibition, 350
Factors for Progress, 89
Famous English Fireback of 1548, 36
Fatal Accident at Lloyd's Foundry, 560
Federation (Iron and Steel) President-elect, 45
Feeding and Running of Sand Castings, 489
Feeding and Running Methods for Grey-iron Castings, 603
Ferro-alloys and Calcium Silicide Imports, 110
Fewer Young People for Industry, 70
Fifty Years of Perfection, 592
Fifty-first Annual I.B.F. Conference, 348
Fillets, 218
Fined for Scrap Offences, 220
Fines, Moulders Refuse to Pay, 122

Film Reviews:—
"Blister Steel," 662
"Broomwade at Work and at Home," 322
"Formation of Bainite," 662
"The House that Jack Built," 662
"Inside Story" or "At Home with the Jones's," 662
"New Approach to Production Improvement," 282
First Half-century in the History of the Institute of British Foundrymen, 379
Flake-graphite Cast Iron, Impact Testing of, 18
Flame-radiation Research, 587

Flying One's Kite, 201
For Overseas Readers, 321
Foremanship Courses, 584
Foremen's Training Course, 480
Formation, Prevention and Disposal of Slag Wool in the Cupola, 453
Former Crane Driver Awarded £630, 328
Former Ironfounders' Appeal Upheld, 621
Forty Years Ago, 11, 118, 232, 350, 520, 630
Fostering Industrial Invention, 190
Founders in East Anglia instal Enamelling Plant, 135
Foundry Alloy, A-Z5G, 591
Foundry Association, New, 600
Foundry "Brains Trust," 99
Foundry Coke Prices, 557
Foundry Craft Training Centre, 88, 378
Foundry Industry in 1953, 347, 468
Foundry Industry Development during the Past Fifty Years, 399
Foundry Management, Rational, 63, 103
Foundry Mechanical Handling, 203, 241
Foundry Practice Examination, Hints for Candidates, 701
Foundry Statistics, Latest:—76, 98, 148, 264, 616
Foundrymen at Play, 630
Freer Trade Needed, 301
French Foundry Congress, 209, 488, 683
From Behind the "Curtain," 213
Fuel Efficiency in Ironfounding, 527 (Correspondence, 602)
Furnaces, Large High-frequency, 73
Further Work on Mould Reaction, 76

G

Gas Content of Molten Metals, 331
Gas Turbine at Birmingham, 527
Gaseous Elements in Cast Iron, 233, 275, 303
